

School Division No. 32 Holds Regular Monthly Meet.

The meeting of the Wainwright School Division No. 32 was held June 22nd, 1945. Members present were Trustees Spencer, Dixon, Lawson and Dallyn.

Moved by Mr. Lawson that the minutes be adopted as read. Carried.

Moved by Mr. Spencer that the ownership of the old school building at Bloomington Valley be vested in the Bloomington Valley Hall Committee immediately the building is removed from the present school site.

Moved by Mr. Sanders that the title to the Pabian school site be registered with the Land Titles Office, Edmonton, Cd.

It was agreed that it should be explained to all electors and parents that the blanket policy held by the Board on the children of the School Division is for the protection of the Board in case of suit being brought against it. It protects the Board against claims for accidents which occur on the school site or on the right-of-way between the school and the homes of the pupils. Negligence on the part of the Board and its employees must be proved. This policy is in no sense to be considered as a complete accident policy.

Moved by Mr. Sanders that this Board and its members use every effort to co-operate in harmony with the Wainwright Municipal District No. 61, Cd.

Moved by Mr. Dallyn that the report of Mr. Spencer on the Secretaries' Short Course be adopted. Cd.

Moved by Mr. Spencer that the superintendent's report be adopted.

Moved by Mr. Sanders that we adjourn until 1:30 p.m. Cd.

Moved by Mr. Sanders that we appoint Mr. Spencer to represent the Divisional Board as its agent in connection with conciliation and arbitration proceedings leading to the settlement of salary differences between the Board and the teaching staff. Cd.

Moved by Mr. Dixon that the report of the Public Health Nurse be adopted. Cd.

Moved by Mr. Lawson that the report of the Utility Repairman be adopted. Cd.

Moved by Mr. Spencer that we accept with regret the resignations of Miss E. P. Taylor, Miss L. E. Johnson and Miss J. Dupuis. Cd.

Moved by Mr. Sanders that the superintendent be given authority to hire teachers on behalf of the Board and otherwise to deal with teacher applications. Cd.

Moved by Mr. Dixon that the matter of the barn at St. Jean Baptiste

school be left with Mr. Dallyn, Cd.

Moved by Mr. Spencer that the matter of stuccoing the Killarney school be left with Mr. Dallyn, Cd.

Moved by Mr. Dallyn that the report of the supply committee as given by Mr. Dixon be adopted. Cd.

Moved by Mr. Dixon that we write to Mr. A. E. Kett, secretary of the Greenhills S.D., asking him to post notices re the sale of the present school building at Greenhills, Cd.

Moved by Mr. Dallyn that we purchase the sporting equipment as offered by Mr. A. D. Richard, Cd.

Moved by Mr. Sanders that the accounts in the amount of \$10,988.76 be paid and incorporated in the minutes. Cd.

Moved by Mr. Dixon that the matter of the Airline piano be left in the hands of Mr. Dallyn. Cd.

Moved by Mr. Sanders that the meeting adjourn until July 25, 1945 at 9:00 a.m. Cd.

Wainwright Park To Be Developed

An interesting note received from Edmonton this week states that an area of approximately 15,360 acres south of Wainwright national park, has been opened for oil development. The announcement came Wednesday from Hon. N. E. Tanner, minister of lands and mines.

The area includes 6400 acres that are owned by the C.P.R., while the remainder is crown land. Western Examiner.

Aug. 6 Likely Date South By-Election

Provincial byelection in Warner constituency in southern Alberta probably will be held on Wednesday, Aug. 6, according to a report current in the southern part of the province.

Making preparations for the byelection, the Social Credit party will hold a nominating convention in the constituency on July 11. Whether the Independent party will contest the riding is not known. J. Percy Page, M.L.A., provincial president of the Independent Citizens' Association of Alberta said it was a matter for party supporters in the riding to decide. Personally, he felt that the Independents should contest the seat.

There has been no announcement as to what course will be taken by the C.C.F., but it has been that party's policy to contest byelections.

Premier Manning had no statement to make concerning the byelection when queried Friday. No date has been set, he said.

The byelection is made necessary by the resignation of Hon. Solon E. Low, national leader of the S.C. party who was a successful candidate for that party in Peace River riding in the dominion general election on June 11.

If the byelection is held on or before Aug. 6, the cost of enumerating for a new voters' list will be avoided. This is not necessary when a byelection is held within one year after the date of a general election.

Men full of anxiety have little room left for affection. And vice versa.

If we were more concerned with people's needs we would be less critical of their lacks.

The simplest truth brings better results than the most complicated excuses.

Annual Celebration, Monday Huge Success

With the gods smiling favorably on us, the weather was perfect for a big sports day that was held in Wainwright on July 2nd, sponsored by the local Board of Trade. The different committees gave their all and with the keenest cooperation, the day was a huge success.

There were over 1700 paid admissions and with the children admitted free, the total attendance ran well over 3500 people.

During the day there were, contests and games for all young and old and with good prize money as the goal, every contestant had real initiative to get there fastest with the mostest.

With cars and people coming from near Camrose, to the border from south of Hardisty, to north of Vermilion, it was truly a great day. Many ball teams were entered, and the highlight of the day was the horse racing which proved to be a great thriller and provide the crowd with many, Oh's and Ah's, and above the noise and din could be heard the old cry, "Come on boy", "Come on Blackie" and so it went, right up until the horses crossed the finishing line.

With hard ball teams entered from Wainwright Hl, Edgerton, Chauvin, Wainwright Town, Ribstone, and the Army, it was necessary to start the drive in the morning, and therefore by the time that it was dark, there were many a sore muscle and aching back.

The victorious winners of the day were the Chauvin Team, who played an excellent game of ball. In the final game Chauvin beat the Wainwright Hl, by a score of 16-4. Although the home team tried to the best of their ability, the score just seemed to mount for the opposing team. The money paid for this event was, Chauvin 1st—\$75.00; Wainwright Hl, 2nd—\$50.00 and Ribstone 3rd—\$25.00.

In all, 14 teams were entered in the softball tournament, 6 ladies and 8 mens teams. The ladies teams entered were: The Petes, the A. C. Armstrong's, Viking, Separate School High and the Wainwright Public School.

As with all sports there has to be a winner and at the end of the day after a hard fight, the score board showed the Separate School team on top for first money, of \$20.00, with the A. C. Armstrong team second for \$14.00, and the Petes running third for a prize of \$6.00.

With the men's softball attraction there were 8 teams entered in the draw; Fabyan, C.N.R. (Town), Silgo, Heath, McLaughlin, Roseberry, Wainwright Hl, and Edgerton.

For a total prize \$60.00, it was divided with Heath taking 1st—\$30, Edgerton 2nd—\$20.00 and Fabyan 3rd—\$10.00. It was a hard fight from early in the morning until early in the evening, but it was conceded that it was a good clean match, everybody saw a good brand of softball.

A lot of hard puffing around the track on a bicycle earned some extra money for three contestants who came in first, second and third. Elmer Tory was the hardest puffer for \$10.00—1st prize. Pat Buckton came second for a \$6.00 prize, and Wallace Murray third for \$3.00.

As an attraction for the older men of the crowd a horse show tournament was staged and with keen competition Lieut. Flavell and Mr. Bill Greggan won out for first place with a prize of \$10.00, with Mr. W. Grey and Mr. W. Shaw second for a prize of \$5.00 and Mr. Valles and Mr. J. Dalton third for \$3.00.

The kiddies were not left out of the day as well managed kiddies races were staged, proving to be an attraction for the children as well as the older people.

In all over \$45.00 was paid out for prize money in this event, meaning that there was an abundance of ice cream, pop, and watermelon consumed during the day. In most events, the prize money was \$50, 250 and 150 for 1st, 2nd and 3rd place.

Children under 6—Stenny Kyle, Wallace, Turner, Bob Tory.

Girls 6-8, 25 yards—Florence Allan, Edith Morrison, Lillian Rasmussen.

Boys 6-8, 25 yards—Tie, Keith McNelly and Reddy Koch, Alan Driver.

Girls 9-10, 50 yards—Patry Buckton, Isabel Taylor, Yvonne Petterson.

Boys 9-10, 50 yards—James Thirak, Fred Burton, Harold Chandler.

Girls 11-12, 50 yards—Irene Kimball, Patry Harden, Ruth Simerson.

Boys 11-12, 75 yards—Wallace Murray, Roy Gilbertson, Robt. LaFrance.

Girls under 15, 75 yards—Eldred Fenton, Annie Marchand, Helen Kennedy.

Boys under 15, 100 yards—Ronny Babb, Frank Goddard, Art McNelly.

Girls Wheelbarrow Race—Annie Marchand, Helen Kennedy, Mary Mansfield, Eldred Fenton, Ruth Armstrong, Patry Wallace.

Boys Wheelbarrow Race—Wallace Murray, Harold Chandler, Billy Harley, Melvin Hopaluck, Fred Burton, John Stinert.

Girls 3 Legged Race (under 11)—Gladys Tory, Beiva McTurk; Greta Kennedy, Frances Attewell; Nora O'Connor, Patry Wallace.

Boys 3 Legged Race (under 11)—John Stinert, Fred Burton; Rodney Koch, Billy Harley; Harold Chandler, Keith McNelly.

Girls 3 Legged Race (under 15)—Eldred Fenton, Gladys Tory; Helen Kennedy, Annie Marchand; Frances Attewell, Ruth Armshaw.

Boys 3 Legged Race, (under 15)—Bud Wallace, Billy Harley; Johnie

Wear, Ronny Babb; John Stinert, James Thirak.

As you can see by the above, it was a great day for the youngsters and many contestants tried for the prizes.

To many that were on hand Monday the biggest event of the day was the horse races and they did see some real horse racing. It was best Wainwright has ever provided and horses from miles around ran the track to take home for their owners some real money.

The first race was an open race and was run in three heats, the best 2 out of three, for prizes of \$75.00, \$40.00 and \$20.00.

In this race there were six starters and H. A. Hines of O'Hatton took first money with S. Mallham of Hardisty second and G. V. Darrah of Viking third.

The next race was a pony race, with D. Henderson of Viking taking first money of \$30.00, G. Seltzer of Viking second—\$20.00 and D. Henderson, Viking third.

As a special treat, a farmers race was staged, with old dobs in there slugging it out, and it proved to be an exciting race. The object of this race was that the horses had to walk a 1/4 mile, trot 1/4 mile and run a 1/4 mile. The fastest horses belonged to Harvey Cooper for \$25.00, Harold Teeter for \$15.00, H. Hamilton for \$10.00.

As the youngsters had a chance to show their stuff so did the small horses, and in the Shetland Pony Race—V. Treffry caught first prize of \$15.00 with G. Conroy taking second and third prizes of \$10.00 and \$5.00 respectively.

The most excitement was caused in the A. C. Armstrong Special which was a Cowboy Race. The winner of this race was not the best or the fastest horse, but a great deal depended upon the rider. The object of this race was to mount the horse and when given the signal to dismount, unsaddle, take off shoes and spurs, pile it on the ground and lay your hat on it. Once this was done, saddle the horse, dress, and mount, and run once around the track. After going around the track dismount, unsaddle, and lay shoes, spurs and hat on the ground.

The fastest to accomplish this was H. Teeter for a prize of \$20.00, with Chris Harris second for \$15.00 and Elmer Babb third for \$10.00.

This was an added attraction, sponsored by the A. C. Armstrong Store and proved to be quite a thriller for the crowd.

With the usual hot-dogs, pop and ice cream cones, it was a successful day and the committee wishes it known that for anyone that helped in any way to make this day a success they offer their thanks.

Battle River U.F.W.A. Holds Conference

The United Farm Women of Battle River made the two Edgerton churches their headquarters for the day of June 21st, the occasion was the annual U.F.W.A. Conference.

Approximately 60 women were in attendance. The business sessions were held in the United Church with Mrs. W. C. Taylor acting as chairman and Mrs. W. T. Hays as secretary.

The morning was taken up with discussion on resolutions pertaining to Free Cancer, Venereal Disease, arthritis, the school curriculum and the matter of school grants. During the morning Mrs. F. C. Redmond gave a very comprehensive outline of the purpose of the San Francisco Conference.

Arrangements were made to hold the 1946 Conference at the home of Mrs. H. E. Spencer. Plans were also made to hold the Battle River Federal U.F.A. picnic at Clear Lake on August ninth if possible.

At the noon hour Mrs. Darling and Mrs. English served a delicious lunch in the basement of St. Mary's Anglican church.

After lunch Mr. S. O. Hillard of the University Extension Dept. spoke on Education and Rehabilitation in the Post-War World. This talk was particularly timely for those having husbands, sons or brothers in the Armed services. One woman expressed the feeling of the group when she said that her only regret was that the men of the community had missed the opportunity of hearing Mr. Hillard.

Later in the afternoon Mr. Alex. Paton, Horticulturist at the Oliver Mental Institute spoke on Horticulture. After his very interesting talk, Mr. Paton answered a barrage of questions. He left all with a wealth of information ranging from the pruning of lilacs to the prevention of worms in onions. Mr. Bell, manager of the Edgerton Creamery spoke briefly on local problems and answered many queries.

During the day the program was delightfully interspersed with vocal solos by Mrs. F. C. Redmond, Mrs. S. Snyder, Mrs. C. Smithson, Mrs. Will Kelly and Mr. Clegg. Mrs. Sportsman and Mrs. Kelly acted as accompanists. The very capable convenors for the

Burton; lunch, Mrs. W. Warnock; program Mrs. C. Smithson and reception, Mrs. George Woodbridge.

A report of this meeting would not be complete without mentioning the charming floral arrangements in the United church and on the luncheon table. These were brought and arranged by Mrs. H. E. Spencer.

After the meeting adjourned the women gathered in the Anglican church basement for a social hour over the tea cups. All agreed that the conference had been very enjoyable and are looking forward to another such gathering in 1946.

Sasko-Wainwright Elects New Officers

The annual meeting of the Sasko-Wainwright Oil & Gas Co. was held last week at Saskatoon, on the 23rd of June, (Tuesday), and with a new board of directors, are planning to make some advancing steps in the near future.

As the company has been rather inactive for some years, it is anticipated that they will go ahead with their plans as soon as conditions will permit.

Mr. J. G. Morton of Edmonton was elected to the office of president, and when interviewed by "The Star" gave us an outline of the companies plans but as he stated they are rather in the development stage as yet and are indefinite.

The new officers of the company are as follows: President, Mr. J. G. Morton, Edmonton; Vice President, Mr. Bob Cameron, Aberdeen, Sask.; Sec. Treasurer, Mr. M. E. (Maurice) Fraser, Edmonton; with the following members being elected to the board of directors: Mr. C. J. Nelson, Aberdeen, Sask.; Mr. A. H. Smith, Wainwright; Mr. J. C. Fraser, Edmonton and Mrs. Irene Samaka, Edmonton.

In order to be in close contact with the developments of the Wainwright oil field, the board thought it necessary to move the head office of the company to Edmonton where all business transactions will take place in the future.

Helping to carry other people's burdens somehow seems to lighten our own.

Let's give our Government all our best thinking, not just a piece of our mind.

Anything attained at the cost of character is something too dear to buy.

Our children take more notice of what we are, than of what we tell them we were.

Don't put brakes on the enthusiasm of youth. Give it a break by giving it in to a plan for the nation.

Four Soldiers Sent To Coast in Error

Vancouver—At least four overseas veterans were delivered to Vancouver by mistake Tuesday. One of them, Pte. John Mooney, of Instow, Sask., said he and his three buddies came right through to Vancouver from overseas through a "clerical error." They should have been sent to their prairie province homes.

Looking just a little forlorn and "browned off," Mooney was standing by himself on the lawn in front of the station.

"Where are you from?" a reporter asked.

"From Instow, Saskatchewan," he replied.

"What are you doing away out here?"

"Oh, things got balled up a bit," he answered. "I happened to enlist in Vancouver in 1941 so they sent me back to the point of enlistment."

"Are there any other fellows in the same boat?"

"Four anyway," he said.

GILT EDGE

The Ladies Club Meeting met at the home of Mrs. O. Olson with 12 members and four visitors present. Kofi Call was answered with "Suggestions for June Brides". The contest was provided by Mary Tester. A delicious "Pot Luck" lunch was served after the meeting adjourned. The next meeting will be held at the home of Mrs. O. E. Kitchen.

L.A.C. Lawrence Blason arrived in town this week after being overseas a little over two years.

Miss Eleanor Plaxton entertained a few friends and relatives on her birthday last Monday.

Mr. and Mrs. Bruce McEwen have been visiting in the district recently. The Gilt Edge Picnic meeting will be held on Wednesday, June 27th, be sure and attend at the Gilt Edge Park Hall.

Mr. and Mrs. Gilbert Creech were down from Lloydminster this week-end to visit Mrs. Creech's parents, Mr. and Mrs. W. J. Plaxton.

Wayne Plaxton was in the hospital last week for a few days. Hope you feel better now Wayne!

GREENSHIELDS

Mrs. Chas. Stewart and baby son returned home from the hospital. Mr. and Mrs. R. Carl motored to Vermilion and Manville for the week-end.

Miss Evelyn Kosak left on Saturday for her home at Haight, Alberta. A number of folks attended the dance at Battle View school last Friday evening and report having a nice time.

Mrs. W. S. White held the lucky ticket on the quilt which was drawn for at supper time.

Mr. Andrew Hutchison had his mother and brother Oliver of Edmonton as holiday guests.

Mrs. James Stranahan arrived from Texas by plane and is visiting her parents Mr. and Mrs. W. C. Jackson.

Miss Evelyn Patterson who has been attending Wainwright High School is home for the vacation, also Miss June Gosselin and Master Jack Chartier who have been attending the Separate school.

BUY WAR BONDS & STAMPS

HEATH

Mr. and Mrs. Spornits for the holiday week-end had as their guests, Miss Gladys Spornits of Vermilion, Miss Dorothy Spornits of Edmonton, Mrs. Scott and daughter of Edmonton and Mr. George Dori of Toronto.

Mr. and Mrs. Collin Dixon and family of Vermilion spent the week-end at Clear Lake.

Miss Naoma, Joan and Bert Mockford of Wainwright visited with their cousin, Miss Joyce Bartlett.

Mr. and Mrs. Arthur Watson and family, Mr. and Mrs. Frank Frost and Albert Bartlett of Artland visited with relatives in the district over the week-end.

Miss Kay Rutherford and Miss E. Weber were overnight guests of Mrs. Herbert.

Heath held their annual convention during the last four days of the week. Among the guest speakers were Rev. George Magnus, Mr. E. Silverdale, Rev. A. H. Muddle of Three Hills, Rev. R. A. Winstanley of Bolivia Missions and Rev. V. E. Carlson and Mrs. Albert Grant.

Bob Herbert arrived in Canada from overseas and is expected home this week.

Miss Ruth Jones spent the week-end with her parents here.

Mr. and Mrs. H. Bogart of Edmonton visited with Mrs. Fred Ford for the week-end.

Mr. and Mrs. H. Smith and family motored to Vermilion to visit with their son and daughter there.

FABYAN

A kitchen shower was held for Miss Florence Rowland at the home of Mrs. L. S. Thomson. Many lovely and useful gifts were placed on a table, surrounded by a double row of chairs to accommodate the many guests. Miss Rowland kindly thanked them all, after which a lovely lunch was served by Mrs. Thomson. What does all this mean Howard!

Val Pare is building a new house these days. Nice going Val.

Mrs. Tweedy arrived here Monday

to visit her son Bob the local A.P. Grain Agent.

Albert Craig, R.C.A.P. arrived home from overseas on a four to six week leave. Welcome home Albert.

The C.D.E. Out Bonus cheques are now in your local elevator agents care ready for distribution.

Vernon Fletcher is building a new house, out west, a nest, and you, eh Vernon!

Don't forget to come to the dance at Fabyan on July 6th everyone welcome.

The precipitation recorded for Wednesday was .70 with a total of 2.78 since April 1st compared with 3.31 a year ago.

The Pool residence is getting its cellar enlarged, also a room built on. The work crew is expected the first week in July.

GERALD

Mr. and Mrs. Agar and their three children from Sedalia were visitors during the week-end at the home of her parents Mr. and Mrs. E. Gullikson. They were accompanied by Mrs. Daugherty and daughter of Brant, who is remaining at her parents home for a longer visit.

Miss Edith Perkins of Edmonton was a visitor over the week-end at the home of her parents, Mr. and Mrs. F. Perkins.

We are glad to learn that Mrs. R. Deyell is much improved in health and is expected home from Edmonton on Wednesday evening.

Miss A. Zehnder who has been to Edmonton to visit her father, Mr. A. Zehnder in the hospital there, is arriving home on Wednesday evening.

Mrs. J. Pepin left on Saturday night for a trip to Pittsburgh.

Mrs. W. Walberg with her two children arrived from Regina last week and is a visitor at the home of her parents Mr. and Mrs. R. Moffatt.

Can. Garden Ser.

In parts of Canada the weather was so wet and cold during May that many gardeners did not get as much ground planted as originally intended and now they may think it is too late to do anything about it. It isn't. As a matter of fact the professionals never give up hope until at least a month later than this.

There is still plenty of time for things like corn, beets, carrots, beans etc., and in the flower line for a long list of seeds and bulbs. Experienced gardeners keep on planting at intervals right up to July, but they also use shortcuts, especially as the season gets late.

The outstanding of these shortcuts will be the use of bedding plants which, in plain English, simply means plants started from seed grown in hothouses or cold frames by professionals. These can be secured in a great variety nowadays. Among the flowers will be petunias, cosmos, zinnias, calliopes, phlox and a score of other hardy annuals which stand transplanting well. In the vegetable line, in addition to the regulars like cabbage, peppers, tomatoes, celery, etc., there are also

available in the larger cities such things as onions from seed, melons and cucumbers. This can be saved now by using these started plants.

In purchasing, experienced gardeners point out that it is important to get sturdy, dark green plants rather than the taller and possibly more advanced ones. In transplanting grass soil closely about roots, water if at all necessary and if possible shade from the sun for a day or so, set out in the evening after the sun has gone down.

The best protection for any garden plant—flower or vegetable—is a healthy environment. This means plenty of cultivation, plenty of room and plenty of fertility. Normally under such conditions most plants, but not all by any means, will shake off any minor attack of insects, or disease. For more serious attacks, however, one must be prepared to spray or dust and if this is applied the instant the first damage occurs the easier will be the battle.

Bugs are roughly divided into two types, those that eat holes in the foliage and those that suck the juices. For the first poison, for the second burn or smother. Patent preparations of dust or sprays are often treated to handle both types of pest, and there are also ready-mixed preparations for combatting mildew, rust and other diseases.

One of the very commonest mistakes of the beginner is to sow seed too thickly and to allow plants too grow too close together. Things like petunias, cosmos, zinnias and other fair-sized flowers should be thinned to at least 10 inches apart.

Corn, cucumbers, melons and other things grown in individual hills should also be thinned to not more than three or four plants.

In practically any part of Canada, now, it is almost impossible to grow clean potatoes without dusting or spraying at least three times during the early growing season. This is not only necessary to check potato bugs but also scab and rot. Treating seed before planting with some patent preparation, available at any seed store, is also advisable to ensure against rot.

The old Bantam types of corn have been vastly improved and in addition there are some new hybrids decidedly worth trying and some of the whites which keep in prime eating condition much longer than the regular Bantam.

Farm Notes

FLEA BEETLES

A certain amount of damage is caused to gardens every year by a tiny, dark (usually black) beetle that jumps very quickly when disturbed. The presence of this beetle known as the flea beetle, is usually first detected by small round holes in the leaves of radish, turnips or cabbage.

The adult flea beetles spend the winter under trash in the garden, and in spring lay their eggs in the soil around the young plants. The larvae which hatch from the eggs feed on the plant roots for a short time and then emerge as adult beetles to feed on the leaves. There is only one generation of flea beetles a year. They may feed on cabbages, cauliflower and potatoes but are particularly fond of radish and turnips.

For control of this insect, the application of derris or Paris green is recommended by the Supervisor of Pest Control, J. L. Eaglesham. Derris is in rather short supply at present, but where it can be obtained it may be mixed at the rate of 1 part of derris dust to 6 parts of flour or other fine carrier, and applied to the foliage. A dust consisting of Paris green, 1 part; copper carbonate, 1 part; and hydrated lime, 4 parts; will prevent feeding. For best results, the leaves of the plants should be treated as soon as damage is noted.

SUMMERFALLOW AND

SOIL CONSERVATION

In summerfallow, the two factors that are usually considered of prime importance are weed control and moisture conservation. That a third and very important factor should receive more attention is repeatedly

emphasized by H. J. Mather, Supervisor of Weed Control and Soil Conservation.

Too often the matter of soil conservation is overlooked, says Mr. Mather. Soil conservation means the maintenance of its fertility; the maintenance of the fibre in the soil and the prevention of wind and water erosion. Our prairie soils were built up largely under a grass cover. The grass, the grass roots and the accumulation of organic matter resulting from decomposition of the grass enabled the soil to resist erosion and to absorb moisture readily. When the land was broken up the grass cover was destroyed and the fibre in the soil began to decompose. Cultivation year after year, with the return of little fibre, finally results in a loose unprotected soil that cannot resist winds nor the flow of water over its surface.

The time has now arrived when protection must be given to the soil from which the fibre has been removed. The trash-cover must be employed. In the past fifteen years, surface cultivation with its effect of leaving the trash near the surface has forced itself on many farmers in the United States and Canada. At first, the attempt at weed control and surface worked land were not too satisfactory, but surprisingly enough the change has introduced a more economical method of working the land and more effective weed control. In addition it has been established beyond question that surface cultivation is just as effective and much less costly in the control of our serious perennial weeds than the old fashioned plow method. At the same time surface cultivation protects the soil from erosion.

OAT HULL REMOVAL

A method of hulling oats by means of an ordinary threshing machine is described by A. J. Char-nelad, Live Stock Supervisor. It has now been definitely established that young weanling pigs take, in their feed, only very limited amounts of roughage. Consequently, pig and chick starters, whether commercial or home mixed, require that hulls be removed by some mechanical means, especially when oats are one of the ingredients used.

Walter Ross, Manager of the Olds School of Agriculture Farm, has simplified the job of removing oat hulls to a minimum. Mr. Ross uses an ordinary threshing machine and hull-removing is done at the time the oats are being threshed.

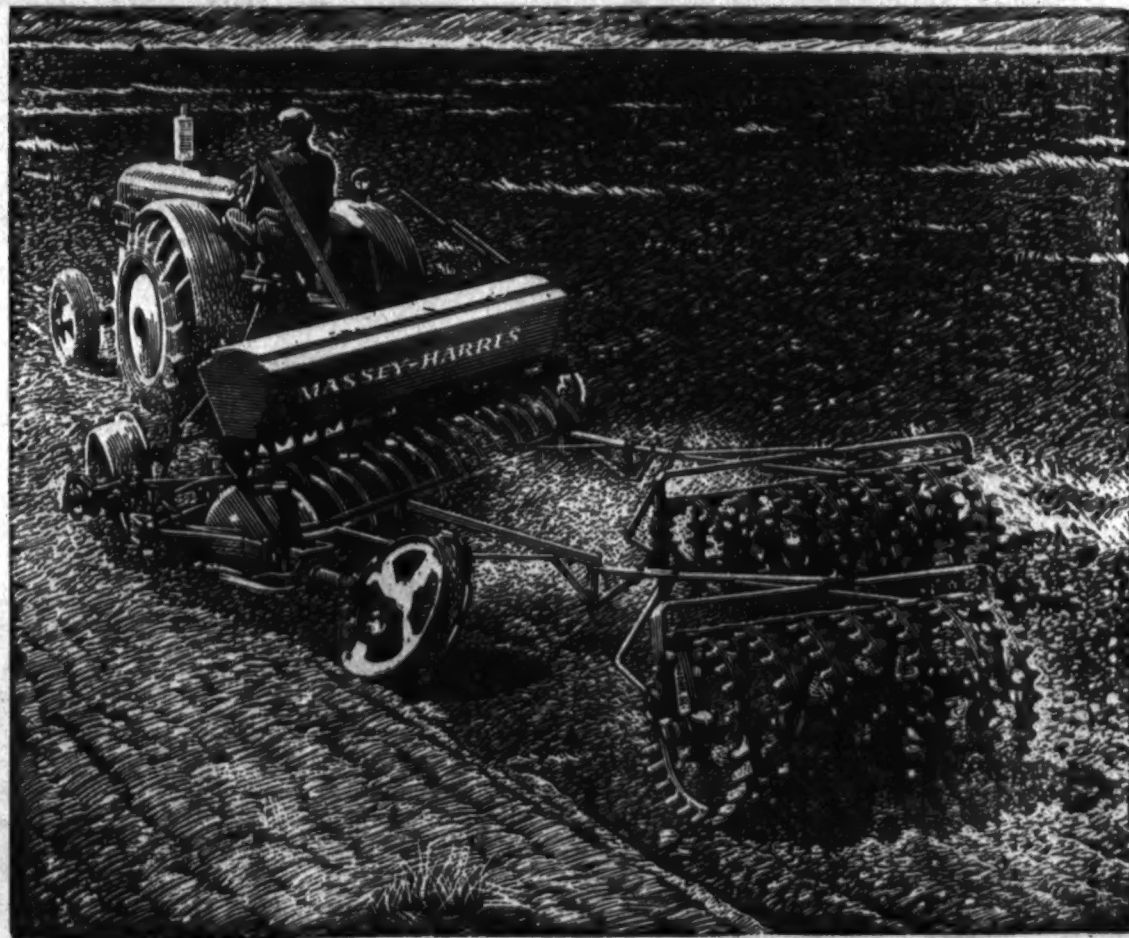

A field of oats to be used for this purpose must be permitted to ripen well. The threshing machine is fitted with all the concaves (in good condition) and the concave bars are closed as far as they will go—the machine is then ready for operation. The separator should be operated slightly above normal speed. It can be speeded up by means of the throttle on the tractor. Threshing should be done on a dry day and the bundles are to be fed into the machine a little slower. This will result in about 85% of the threshed oats being hulled. Before feeding, the hulled oats must be put through a fanning mill to remove loose hulls.

Farmers should thresh enough oats in this manner every fall to provide them with sufficient hulled oats for weanling pigs for a year. The success in swine production at the Olds School Farm, speaks for itself. Farmers of this province are urged to try this method of de-hulling oats; long losses in weanling pigs due to excess fibre in oats.

Samples of oats hulled and prepared at the Olds School Farm by the above method, are on display in District Agriculturalists' offices.

FOR WESTERN USERS**

"One-Way" Farming for Profit

A striking example of the effectiveness of a machine, in helping farmers operate successfully under difficult conditions, is found in the One-Way Disc. Introduced during the drought spell and period of low prices for farm products, it helped farmers cut down their production costs, thereby leaving them more margin for profit.

It is little wonder then that the One-Way Disc Seeder speedily became one of the most popular machines on the market. Preparing the soil and sowing the seed in one operation, the One-Way Disc Seeder saves time and expense. Used as a tillage machine it destroys

weeds and leaves the land in a condition to resist soil drifting. In effect the One-Way Disc offers the usefulness of two machines at little more cost than the price of one.

In design and construction the MASSEY-HARRIS One-Way Disc offers special advantages that appeal to users. The sturdy frame construction, long wear replaceable bearings, patented stone jumper, easily adjusted draft hitch, and quick action power lift are features that contribute to the popularity of the MASSEY-HARRIS. Your local dealer will be glad to give you full particulars.

WAINWRIGHT, WEDNESDAY, JULY 4th, 1945

THE KIDDIES PLAYGROUND

Have you ever stopped to notice just how much the Elks' playground has been put to use in the past few weeks. Nearly every hour of the day you will find some children there, playing on the swings or on the slide.

Just what more wholesome recreation could there be for children than to be out in the outdoors and sunshine, playing with other youngsters of their own age.

Last week the Elks put up a fence to keep the children off the avenue, and to protect them from cars and trucks.

This playground idea has been needed in Wainwright for some time and it has just come about, through the hard work of the local Elks Lodge. Much credit is due to this body of men for their fortitude and perseverance, in establishing something for the kiddies of the town and district.

Now that school is just about over for the season and a lot of young children will have idle time on their hands, no doubt that the playground will receive more numerous visits, and will be put into a lot more use by all.

NEW BOARD FOR SASKO—WAINWRIGHT

It is pleasing to hear this week that a new board of directors has been elected, for the Sasko—Wainwright Gas and Oil Company.

This company has been quite inactive for some time and now with future plans made it is expected that some big thing will be taking place shortly.

This Wainwright needs some industries, that will help the town grow. There is a small oil development here now and with additional capital it might prove to be something to put Wainwright once more on the map.

There was a time when there were only Turner Valley and Wainwright oil fields in the province. That day has come and gone, and with the passing of time, more oil locations have been found, and consequently, Wainwright has been left out of the running.

There is no doubt in our minds, that there is a great potential oil reserve under us, but unless there is a stimulation of capital, it will lie just where it is now, under us in the ground.

With a new board of directors elected to this company, it will, we hope, bring some development in this regard.

Wainwright is in a very good position to receive industries, as we have the natural gas, three trains a day each way, as well as many other advantages.

This is something that in the future we will have to face, and to stimulate it now can't be too soon. A town with industries is a prosperous town, and it is to the advantage of everyone here to make sure that Wainwright doesn't miss the boat in this connection.

NOTICE TO CREDITORS AND CLAIMANTS

IN THE ESTATE OF HENRY SWANSON, late of the Town of Wainwright in the Province of Alberta, Clerk, Deceased.

Hints for the Household

WITH BUTTER STRETCHED

SANDWICHES CAN BE GOOD

All sandwiches—whether for picnics, school or meals at home—need flavourful fillings. They usually eat into the butter ration, too. Today, the home economists of the Consumer Section, Dominion Department of Agriculture, suggest a number of ways of stretching butter and offer some excellent sandwich fillings.

If the filling is the non-clinging type, such as a chopped vegetable or a salad mixture, some sort of spread is necessary on the bread. To stretch the butter and season it as well, combine it with one or more of several ingredients to make a "sandwich butter." These may be any of the following: mayonnaise, French dressing, grated horseradish, prepared mustard, chili sauce, peanut butter, grated cheese, chopped egg, finely flaked oily fish like sardines or pilchards, finely chopped ham or salt pork, or ground cooked liver.

A filling of the spready or clinging type takes very little butter if any at all. Use as a base such food as processed or cottage cheese, egg, peanut butter, moistened ground meat or flaked fish, liver, baked beans, jam or marmalade. For greatest economy combine the butter with the filling.

Seasoned Sandwich Butter

1/2 cup butter
Yolk of one egg
1/4 teaspoon paprika
1/4 teaspoon mustard
Few grains cayenne
1/4 teaspoon Worcestershire sauce
1/4 teaspoon salt
2 tablespoons vinegar, a little at a time.

Cream butter and egg yolk. Add other ingredients as listed, and store in cool place. This will keep for a week or more. To soften, warm and beat. Spread very lightly on sandwich bread and use with meat or any sandwich filling which is not too highly seasoned. Yield: about 2/3 cup.

Liver Sandwich Spread

1/2 lb. liver (1 1/2 cups chopped, cooked liver)
3 tablespoons fat
1/2 cup chopped onion
2 half-inch slices bread (cubed)
1/3 to 1/2 cup salad dressing
1/2 teaspoon salt
Dash of pepper

Cover liver with boiling water and simmer 5 minutes; drain. Melt fat, add onion and cook until clear. Add cubed bread and cook until crisp and lightly browned. Put liver, onions and bread through the food chopper together. Add dressing and seasonings and mix well. Yield: 1 1/2 cups.

FOR BLUEBERRY LOVERS

Here is a recipe for those who insist upon plenty of blueberries while they are in season—and that means about everyone with a discriminating taste. "True-Blue" in every sense of the word these Blueberry Puffs are a "MUST".

Blueberry Puff

1 cup sifted flour; 1 1/4 teaspoons double-acting baking powder; 1/4 teaspoon salt; 1/2 cup sugar; 2 tablespoons shortening; 1/4 cup milk; 1 egg, unbeaten.

4 cups (1 quart) blueberries; 8 teaspoons sugar; 2 teaspoons lemon juice; 4 teaspoons butter.

Sift flour once; measure into sifter with baking powder, salt, and 1/4 cup sugar. Have shortening at room temperature; mix or stir just to soften. Sift in dry ingredients. Add milk and egg, and mix until all flour is dampened. Then beat 2 minutes.

Divide berries into 8 greased custard cups, filling 3/4 full. Sprinkle with sugar and lemon juice, dividing equally; dot with butter. Fill cups with batter, adding about 3 tablespoons to each cup. Bake in moderate oven (375°F.) 35 to 40 minutes. Serve warm, plain or with cream. Makes 8 servings.

HASH FOR BUDGETEERS

For those who operate on a budget or who find it difficult to vary their meals as they once did, I offer the following recipe. Try it! You'll find the result to be a rich relative of old-fashioned plain hash.

Budget Hash

1 cup chopped onions; 1 cup finely diced green pepper; 4 tablespoons melted shortening; 1 pound chopped beef; 1 cup canned tomatoes or 2 whole tomatoes, peeled and cut in quarters; 1 teaspoon chili powder; 2 teaspoons salt; 1/4 teaspoon pepper; 1 cup corn flakes.

Saute onions and peppers in 2 tablespoons shortening until lightly browned. Add beef; brown lightly, mixing with fork. Add tomatoes and seasonings and cook gently 2 to 3 minutes.

Cover bottom of greased casserole with 1/3 of cereal, then add beef mixture. Top with remaining cereal and sprinkle with remaining shortening. Bake in moderate oven (375°F.) 25 minutes, or until browned. Makes 6 to 8 servings.

SALAD FOR COMPANY

You will need an avocado. And of raisins—just a few. And a little shredded carrot, some salt and pepper too; Some gelatin, French dressing; That's really all you need. To prepare a "company" salad, that is very good indeed.

California Avocado Salad

1 package lemon-flavored gelatin; 1 1/2 cups hot water; 1/4 cup French dressing; 2 tablespoons vinegar; 1/4 teaspoon salt; dash of pepper; 2 tablespoons raisins, cut in half; 1/3 cup shredded carrots; 1/4 cup diced avocado.

Dissolve gelatin in hot water. Add French dressing, vinegar, salt and pepper. Chill until slightly thickened. Fold in remaining ingredients. Turn into large mold or individual molds. Chill until firm. Unmold on crisp lettuce. Serve plain or with mayonnaise. Makes 4 to 6 servings.

A SIMPLE DESSERT FOR SIX
Four in the family? Two friends coming unexpectedly for dinner? What to serve in the line of sweets—that is the question.

Here is a simple little recipe for a chocolate dessert that will make a hit with all concerned. Double the amounts and you'll have leftovers for the next day—if you can keep your guests from requesting "seconds".

Chocolate Charlotte

1 recipe prepared chocolate pudding; 1/4 to 1/2 teaspoon almond extract; 1 or 2 egg whites, stiffly beaten; 6 ladyfingers or 24 strips of sponge or plain cake.

Prepare pudding as directed on package. Chill, stirring frequently. Add almond extract. Fold in beaten egg whites. Split ladyfingers and cut in half. For each serving, place 4 pieces of ladyfingers or cake in sherbet glass and fill with pudding. Makes 6 servings.

Quick Frosted Lemon Cake

2 1/4 cups sifted Swans Down Cake Flour

2 1/4 teaspoons double-acting baking powder

1 teaspoon salt

1 1/4 cups sugar

1/4 cup vegetable shortening

2 teaspoons grated lemon rind

1 cup milk

2 eggs, unbeaten

1 teaspoon vanilla

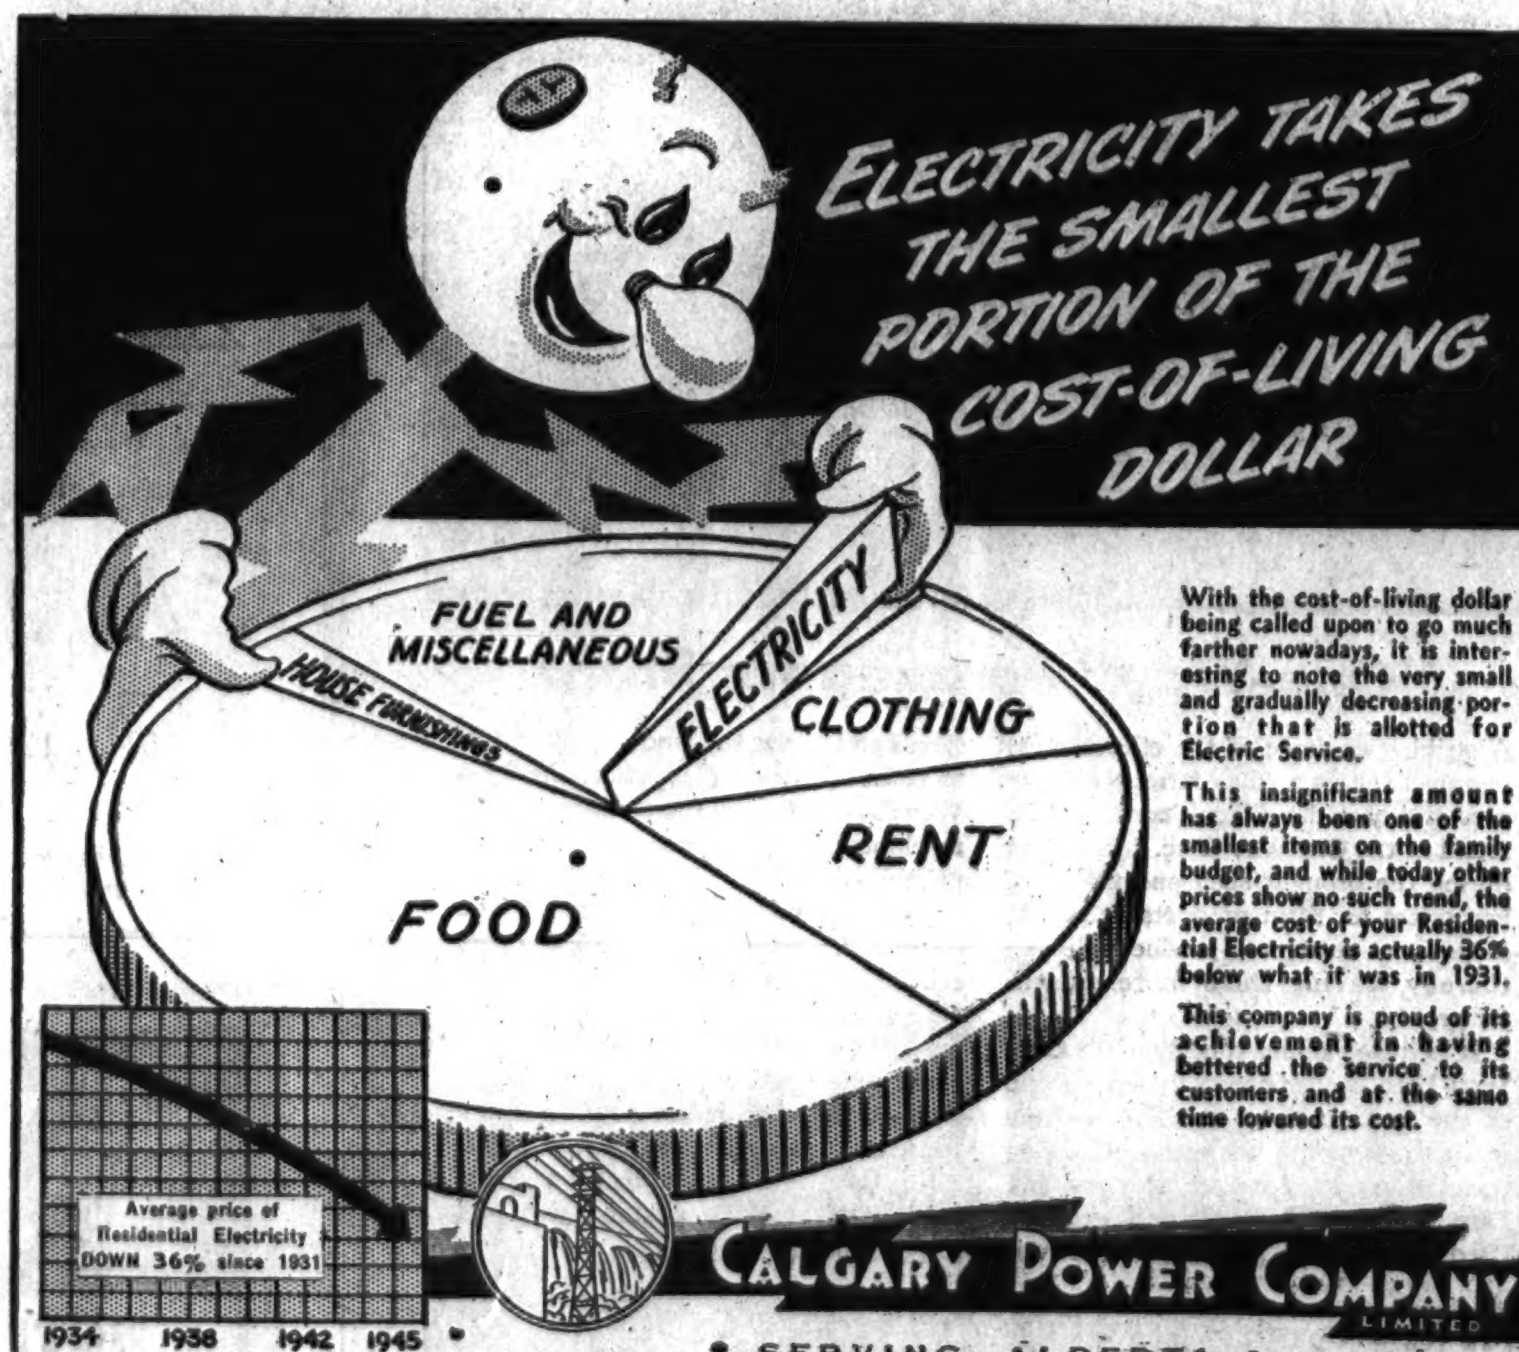

Sift flour once; measure into sifter with baking powder, salt, and sugar. Have shortening at room temperature; mix or stir just to soften. Add lemon rind. Sift in dry ingredients; add 1/2 of milk, eggs, and vanilla. Mix until all flour is dampened; then beat 1 minute. Add remaining milk, blend, and beat 2 minutes longer.

Turn into 13x9x2-inch pan which has been greased, lined on bottom with waxed paper, and greased again. Bake in moderate oven (375°F.) 35 minutes, or until done. Then spread hot cake with Meringue Cake Topping and return to oven. Bake 10 minutes longer, or until topping is lightly browned.

NOTE: Mix cake by hand or at low speed of electric mixer. Count only actual beating time. Or count heating strokes. Allow at least 300 full strokes per minute. Scrape bowl and beater or spoon often while mixing.

Meringue Cake Topping. Beat 2 egg whites with dash of salt until foamy. Add 1/4 cup sugar, 2 tablespoons at a time, beating after each addition until sugar is blended. Then beat until mixture will stand in peaks. Add 1/4 teaspoon almond extract. Spread over hot cake in pan and sprinkle with 1/4 cup chopped nut meats.

Picobac
THE PICK OF TOBACCO
It DOES taste good in a pipe

ELECTRICITY TAKES THE SMALLEST PORTION OF THE COST-OF-LIVING DOLLAR

With the cost-of-living dollar being called upon to go much farther nowadays, it is interesting to note the very small and gradually decreasing portion that is allotted for Electric Service.

This insignificant amount has always been one of the smallest items on the family budget, and while today other prices show no such trend, the average cost of your Residential Electricity is actually 36% below what it was in 1931.

This company is proud of its achievement in having bettered the service to its customers, and at the same time lowered its cost.

Miss K. Rutherford, R.N. and her friend Miss Jean Weber, R.N. are away to Banff for a short holiday before taking up nursing duties at the Red Deer hospital in Red Deer.

36 SPECIAL TRAINS
CARRY TROOPS HOME

Montreal—Thirty-six special trains left Halifax last week over the lines of the C.N.R. carrying more than 14,000 servicemen returning from overseas.

M. E. Duke, general passenger agent, said last Wednesday, transporting these members of the armed forces will require 550 sleeping, 56 dining, 32 baggage, 24 coach and 18 hospital cars.

Arriving in Halifax Tuesday on the Aquitania, more than 8,000 sailors, soldiers and airmen are en route to their homes in all sections of the dominion. The first of the 17 special trains carrying them left Halifax Tuesday at 11:30 p.m. and the last is due to leave at 11:00 p.m. Wednesday. There are 626 for the Maritimes, 3,536 for other eastern points, 429 for Winnipeg, 375 for Regina, 700 for Calgary and 535 for Vancouver. In addition there are 950 sailors for various destinations in Canada, and 862 other servicemen also for distribution throughout the country.

The hospital ship Lady Nelson is due to arrive in Halifax Thursday with nearly 500 passengers. Forty-seven are destined for Maritime points; 267 for other eastern points; 49 for Winnipeg; 30 for Regina; 36 for Calgary and 30 for Vancouver. On Saturday, the Pasteur is due to dock in Halifax with almost 4,000 soldier passengers. Of these 2,454 are for eastern Canadian destinations 611 for Winnipeg, 223 for Regina, 192 for Calgary and 328 for Vancouver; 76 for various other destinations in Canada.

In addition, seven specials, operating as third sections of the "Ocean Limited" leaving Halifax each day, will handle 1,700 members of the Royal Canadian Navy.

The world's largest fishing grounds are off Canada's east coast. Starting in July of this year, of Canada's exportable surplus of fish, about 35 million pounds will be allocated to the USA, South America, the Caribbean Islands and UNRRA.

ROSEMOYNE U.F.W.A.

The June meeting of Rosemoyn U.F.W.A. was held at the home of Mrs. J. Taylor with nine members present.

The meeting was opened with the singing of "O Canada" and then the thought for the month was read—"When you come to the end of your

rope, tie a knot and hang on."—The roll call was answered with "Good regular habits which should be in stilled in the lives of children to ensure the promotion of happiness and orderliness."

Final plans were made for attending the U.F.W.A. Conference. The local convenor, Mrs. L. Hunter read

the bulletin on Social Welfare. The hostess gift, which was raffled was won by Mrs. Fred Snyder. The War Savings Stamp was won by Mrs. J. Taylor. Several members renewed their subscriptions to the U.F.W.A. Hi-Lights.

After the meeting a delicious lunch was served by the hostess. The next meeting will be held on July 11th at the home of Mrs. Chris Burton.
